Carvana customers save valuable time and money with The New Way to Buy a Car® by skipping the dealership and shopping online. Carvana never charges hidden fees like "documentation fees," which can often be added to the price of a vehicle at the last minute. Additionally, customers looking to trade in or sell

their vehicle, can simply enter their VIN or license plate number on Carvana.com, answer a few questions and Carvana can pick up the vehicle and bring them a check, as soon as the next day.

All 20,000+ vehicles in Carvana's national inventory are photographed in 360 degrees, so customers get a high-definition virtual tour, along with the peace of mind of a seven-day return policy. This upgrade to the traditional test drive gives customers the time to ensure their vehicle fits their life, whether installing car seats or seeing how much cargo space it offers for groceries.

Carvana pioneered online car buying, including its patented 360-degree virtual vehicle tour, where customers can view vehicles in high-definition, 360-degree photography, inside and out. Carvana vehicles are Carvana Certified, having passed a rigorous 150-point inspection, have never been in a reported accident and have no frame damage. Features, imperfections and updated information about open safety recalls are listed on every car's vehicle description page.

"We're steadily growing our reach in Louisiana and we're confident that Baton Rouge residents will embrace having the convenience, transparency, and safety that comes with The New Way to Buy a Car®," said Ernie Garcia, Carvana founder and CEO.
