Carvana pioneered online car buying, including its patented 360-degree virtual vehicle tour, where customers can view vehicles in high-definition, inside and out. Carvana vehicles are Carvana Certified, having passed a rigorous 150-point inspection, have never been in a reported accident and have no frame damage. Features, imperfections and updated information about open safety recalls are listed on every car's vehicle description page.

Carvana can save customers valuable time and money, allowing them to skip the dealership and shop from the comfort of home or on the go via their mobile device. Carvana vehicles come with a seven-day return policy, giving customers the time to ensure the vehicle fits their life. This upgrade to the traditional test drive means instead of a quick ride around the block, you can take more time to check if there is enough leg room for road trips and cargo space for golf clubs.

"We're continuing our momentum and addressing the demand we've experienced in Florida the last several years," said Ernie Garcia, founder and CEO of Carvana. "With every new market, we've discovered that customers have embraced the ease and convenience we offer, and we anticipate Crestview area residents will agree."

Carvana now offers as-soon-as-next-day vehicle delivery to customers in 275 cities across the U.S.
