Carvana customers can save valuable time by shopping online and can choose to either pick up their vehicle at the Fort Worth Car Vending Machine or have the vehicle delivered to their home. When customers opt for a Car Vending Machine pick up, upon their arrival at the tower, they will be greeted by a

Customer Advocate and receive a commemorative, oversized Carvana coin to activate the automated vending process. Then, Carvana customers get a front-row seat to watch their newly purchased dream ride descend through the brightly lit vending structure from the heart of the all-glass tower.

Upgrading the concept of the traditional test drive, all vehicles in Carvana's national inventory come with a seven-day return policy, ensuring customers have the peace of mind they need to determine if a vehicle fits their needs and lifestyle. By living with their vehicle for a week, Fort Worthers can test out the cargo space on a newly purchased pickup truck at TCU for the next Horned Frogs tailgate, or they can gauge the fuel economy of a used hybrid on the trip down I-30 to Dallas.

"We all know things are a bit bigger in Texas, so now we're proud to offer a larger-than-life car buying experience to Fort Worth residents with our newest Car Vending Machine," said Matt Plummer, Carvana Market Operations Manager. "Customers in Fort Worth have access to a national inventory with thousands of great vehicles, at great prices, and now they've got a vehicle pickup experience that'll drive them even happier."

Carvana's newest iconic Car Vending Machine is the sixth of its kind in the Lone Star State, and the 36th in the U.S. The Fort Worth Car Vending Machine is located at 8741 North Freeway, Fort Worth, Texas 76177. Location hours are Monday through Saturday from 8:00 a.m. to 8:00 p.m. CT.
