Carvana customers save valuable time and money with The New Way to Buy a Car® by skipping the dealership and shopping online. And Carvana never charges hidden, bogus fees like "documentation fees," which can often be

added to the price of a vehicle at the last minute.

All 20,000+ vehicles in Carvana's national inventory are photographed in 360 degrees, so customers get a high-definition virtual tour, along with the peace of mind of a 7-day return policy. This upgrade to the traditional test drive gives customers the time to ensure their vehicle fits their life, whether installing car seats or seeing how much cargo space it offers for groceries. Additionally, Carvana vehicles are Carvana Certified, having passed a rigorous, 150-point inspection, have never been in a reported accident and have no frame damage. Features, imperfections and updated information about open safety recalls are listed on every car's vehicle description page.

Customers looking to trade in their vehicle, or sell a vehicle, can also skip the dealership by simply entering their VIN or license plate number on Carvana.com, answer a few questions and Carvana can pick up the vehicle and bring them a check, as soon as the next day.

"Our goal is to bring The New Way to Buy a Car® to as many customers as possible, and making our Arkansas debut in Little Rock brings us even closer to that goal," said Ernie Garcia, founder and CEO of Carvana. "We look forward to now offering as-soon-as-next-day vehicle delivery to Little Rock area residents and we're confident they will appreciate the ease and transparency Carvana brings to car buying."

Carvana now offers as-soon-as-next-day vehicle delivery in 264 markets across the U.S.
