Carvana pioneered online car buying, including its patented 360-degree virtual vehicle tour, where customers can view vehicles in high-definition, 360-degree photography, inside and out. Carvana vehicles have passed a rigorous 150-point inspection, have never been in a reported accident and have no frame damage. Features, imperfections and updated information about open safety recalls are listed on every car's vehicle description page.

Carvana can save customers valuable time and money, allowing them to skip the dealership and shop from the comfort of home or on the go via their mobile device. Vehicles come with a seven-day return policy, giving customers the time to ensure their vehicle fits their life, whether testing out a truck for all your outdoor trail

adventures or assessing how easy it is to get in and out of the car running everyday errands.

Customers looking to trade in their vehicle, or sell a vehicle, can also skip the dealership by simply entering their VIN or license plate number on Carvana.com, answering a few questions, then Carvana can pick up the vehicle and bring them a check, as soon as the next day.

"Launching in Wichita brings as-soon-as next day vehicle delivery to even more Kansas residents, while introducing new customers to the ease and transparency of our online car buying experience," said Ernie Garcia, Carvana founder and CEO. "We look forward to growing our presence in the area and offering a great selection at great prices, with the great customer service we've become known for."

Carvana now offers as-soon-as next-day vehicle delivery to customers in 299 cities across the U.S.
