Carvana customers save valuable time and money with The New Way to Buy a Car® by skipping the dealership and shopping online. Carvana never adds hidden, last-minute fees and charges like "documentation fees," and to give customers the peace of mind and time to confirm that their vehicle fits their needs, all 30,000+ vehicles in Carvana's national inventory come with a seven-day return policy. This upgrade to the traditional test-drive allows customers to live with their vehicle for a whole week, ensuring there's time to see how it fits all the camping gear before a trip up to Mount Rainier, or simply test out how it handles the open road between Yakima's sprawling orchards.

As the pioneer of online car buying, Carvana gives customers a high-

definition, 360-degree virtual tour of every vehicle, inside and out. Carvana vehicles have passed a rigorous 150-point inspection, have never been in a reported accident and have no frame damage. Features, imperfections, and updated information about open safety recalls are listed on every car's vehicle description page.

Customers can also trade in or sell a vehicle by simply entering their VIN or license plate number on Carvana.com, answering a few questions, and Carvana can pick the vehicle up and bring them a check, as soon as the next day.

"As we continue our debut across the state of Washington, we look forward to being able to offer Yakima residents a great selection of vehicles at great prices," said Ernie Garcia, founder and CEO of Carvana. "We

believe the community will embrace the ease, transparency, and great customer service that comes with The New Way to Buy a Car®."

Carvana now offers as-soon-as-next-day vehicle delivery to customers in 295 cities across the U.S.
