Carvana saves customers valuable time and money, allowing them to skip the dealership and shop from the comfort of home or on the go via their mobile device. Because Carvana pioneered online car buying, customers can virtually

tour every vehicle in the national inventory via patented 360-degree, high-definition photography, inside and out.

Customers looking to trade in their vehicle, or sell a vehicle, can also skip the dealership by simply entering their VIN or license plate number on Carvana.com, answer a few questions and Carvana can pick up the vehicle and bring them a check, as soon as the next day.

Carvana vehicles are Carvana Certified, having passed a rigorous 150-point inspection, have never been in a reported accident and have no frame damage. Features, imperfections and updated information about open safety recalls are listed on every car's vehicle description page. Additionally, Carvana vehicles come with a seven-day return policy, giving customers the time to ensure the vehicle fits their life, an upgrade to the traditional test drive. Lake Charles area residents can try out their car on a morning coffee run, or see how the car handles a longer weekend trip with the whole family.

"Whether searching for a Honda Civic or a Ford Explorer, we're confident that Lake Charles will enjoy the great selection, safety, and transparency that comes with The New Way to Buy a Car®," said Ernie Garcia, Carvana founder and CEO. "We're pleased to offer as-soon-as-next-day delivery and the peace of mind that comes with our seven-day return policy."

Carvana now offers as-soon-as-next-day vehicle delivery to customers in 269 cities across the U.S.
