Carvana, the fastest-growing auto retailer in the U.S., saves customers valuable time and money with The New Way to Buy a Car™ by allowing them to skip the dealership and shop online at [Carvana.com](#). All 15,000+ vehicles in Carvana's

national inventory are photographed in 360 degrees, so customers get a high-definition virtual tour, along with the peace of mind of a 7-day return policy. This upgrade to the traditional test drive gives customers the time to ensure their vehicle fits their life; customers can install the car seats or see how it handles on a snow day.

Every Carvana vehicle is Carvana Certified, meaning it has undergone a rigorous 150-point inspection, has no frame damage and has never been in a reported accident. Features, imperfections and updated information about open safety recalls are listed on the car's vehicle description page.

In addition, customers looking to trade in their vehicle, or sell a vehicle, can also skip the dealership by simply entering their VIN or plate number on [Carvana.com](#), answer a few questions and Carvana can pick up the vehicle and bring them a check, as soon as the next day.

"As we continue our rapid growth in the Midwest, and beyond, expanding our offering into Minnesota allows us to reach a large population of car buyers," said Ernie Garcia, founder and CEO of Carvana. "We're looking forward to bringing Minneapolis our easy, transparent online car buying experience and as-soon-as-next-day vehicle delivery.

Carvana now offers as-soon-as-next-day vehicle delivery in 149 markets across the U.S.
