Carvana can save customers valuable time, allowing them to skip the dealership and shop from the comfort of home or on the go via their mobile device.

Carvana pioneered online car buying, including its patented 360-degree virtual vehicle tour, where customers can view vehicles in high-definition, 360-degree photography, inside and out. Carvana vehicles are Carvana Certified, having passed a rigorous 150-point inspection, have never been in a reported accident and have no frame damage. Features, imperfections and updated information about open safety recalls are listed on every car's vehicle description page.

Carvana vehicles come with a seven-day return policy, giving customers the time to ensure the vehicle fits their life; an upgrade to the traditional test-drive. New Orleans area customers can see how their car handles the narrow cobblestone streets in the bustling French Quarter, or take your new-to-you ride for a spin along the Mississippi River up to Baton Rouge for a Tigers game.

Customers looking to trade in their vehicle, or sell a vehicle, can also skip the dealership by simply entering their VIN or license plate number on Carvana.com, answer a few questions and Carvana can pick up the vehicle and bring them a check, as soon as the next day.

"We are steadily growing our presence in Louisiana, and with our New Orleans debut, we can now provide area residents with a great selection of thousands of vehicles, at great prices, with great customer service," said Ernie Garcia, Carvana founder and CEO. "Whether you're looking for an SUV or sedan, we're confident our customers in New Orleans will embrace our easy, transparent car buying experience."

Carvana now offers as-soon-as-next-day vehicle delivery to customers in 285 cities across the U.S.
