“My wife and I are both teachers, and we only have one car,” shared Carvana customer Wesley Y. “When our car started having issues, we relied on friends to drive us from dealership to dealership to find a replacement before the school year began. We struggled to find something within our budget until a family member recommended Carvana. We started browsing online, filtering for the perfect car, and with the school year approaching, we chose the same-day delivery option. To our surprise, the car was delivered within two hours of placing the order—it was fantastic.”

Carvana’s seamless online platform allows customers to browse through one of the largest online selections of high-quality pre-owned vehicles, purchase the vehicle that fits their lifestyle from the comfort of home, and now in select cases, have it delivered to their doorstep in less than 24 hours. This offering is made possible with the support of Carvana’s first-party logistics network and its Inspection and Reconditioning Center in Wood Village, Oregon.

“After serving Portland area car buyers and sellers since 2021, we are excited to enhance our commitment to the region by offering even more speed and convenience to local car buyers with same day delivery,” says Jacqueline Hearn, Carvana's Senior Director of Market Operations and Expansion.

Initially launched in Arizona, Carvana's same-day delivery service is currently available in Ohio, Indiana, North Carolina, Georgia, Texas, Florida, Alabama, New Jersey, Oklahoma, Pennsylvania, California, Virginia, and now Oregon. Carvana plans to continue extending same-day delivery to more locations across its nationwide footprint.

This rapid expansion is made possible by Carvana's extensive infrastructure, which includes a nationwide network of inspection and reconditioning centers, an efficient logistics fleet, and a streamlined digital purchasing and underwriting process that has significantly simplified and accelerated the car buying and selling experience.
